

Donald Elementary School was built in 1989. Although relatively new, the school has made a significant impact on the local community and has unique attributes including a P.E.P. Squad (Parents as Educational Partners Volunteer Program) as well as a publishing company, "Dolphin Tales," to assist students in taking their writing to the complete published stage. Donald Elementary received Gold Performance Acknowledgments from the Texas Education Agency in the 2004–2005 school year for attendance and was commended for its work in the fields of Reading/ELA, Mathematics and Science.

The National Blue Ribbon Award acknowledges the hard work of students, staff members, families, and the community in raising student proficiency and closing the achievement gap. I extend my sincerest congratulations to Principal Cheryl J. Close, the Lewisville Independent School District, and the community of Flower Mound. I also want to congratulate the fine students of Donald Elementary for this outstanding achievement.

I wish them the best of luck as they continue to strive for excellence. I am very proud and honored to represent them in the 26th District of Texas.

#### TRIBUTE TO MR. FRANK AMARAL

#### HON. JOHN T. DOOLITTLE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, March 9, 2007*

Mr. DOOLITTLE. Madam Speaker, today I wish to remember and honor a man who was a businessman, community leader and icon in Northern California, Mr. Frank Amaral. After a lifetime of dedication to his family and community, Frank passed away on March 5, 2007. He was 88 years old.

Frank Amaral was one of Nevada City's most successful real estate investors. Mr. Amaral displayed astute skills of negotiation and business savvy, many of which he honed earlier in his career in the lumber industry, working as managing partner of the Oregon Creek Lumber Company in Camptonville, California.

Frank Amaral was also one of Nevada County's early developers and helped transform Grass Valley and Nevada City from unknown destinations to the wonderful communities they are today. However, Frank's success as an adult contrasted with his humble roots.

Born on June 19, 1918, in Orland, California, he was the youngest of four children. Frank's parents, Cardoza Amaral and Rosa Julia Bettencourt Amaral, were Portuguese immigrants from the Azores Islands. Frank lost his father when he was 6.

As a 13-year-old farm laborer who supported his family during the Depression, Frank hated being poor and worked diligently to better his social status.

A rough upbringing did not deter Frank from a long list of impressive life achievements. Mr. Amaral bought the Oregon Creek Lumber Company in 1958 and started buying timberland all throughout Northern California, Oregon and Idaho. At the height of his career in the lumber business, he owned over 100,000 acres of timberland, according to a recent publication.

He also bought local properties during the 1950s. Frank's holdings included property at Jackson Meadows, Milton Reservoir, Lake Olympia, Brunswick sawmill, the Murchie Mine property, Deer Creek Park, Stonebridge and the North Star Mine, which he co-owned.

In 1966, he retired from the lumber business, developing the properties he owned and selling them off as parcels. He diversified his interests, buying farmland in Los Banos and commercial properties in Southern California.

Frank Amaral was also a thoughtful and civic-minded philanthropist who made great contributions to his community and region.

For example, the Nevada County Fairgrounds has seen the impact of Mr. Amaral's work in the community for years. The Amaral Family Festival Center was named in his honor after the family made a large donation for its renovation. But, for years before that, the Amarals donated land, money and time to many causes behind the scenes, proving to many their dedication to helping others.

The site of Nevada County's first Juvenile Hall and the land where the Madelyn Helling Library sits both were gifts from the Amarals.

Most importantly, Frank Amaral was devoted to his family and was committed to acts of charity. For years, Frank and LaVonne Amaral donated money anonymously to local organizations following their Catholic belief that charity should not be publicized.

He is survived by his wife of 64 years, LaVonne, and his two children, Lance Amaral and Julia Amaral.

May he rest in peace.

#### COMMITTEE FUNDING RESOLUTION

SPEECH OF

#### HON. JOHN D. DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Thursday, March 8, 2007*

Mr. DINGELL. Mr. Speaker, I am pleased to join my colleague JOE BARTON, Ranking Member of the Committee on Energy and Commerce, in requesting the resources necessary to ensure the effective operations of this Committee over the next 2 years.

The budget we have submitted reflects the significant increase in workload for the Committee on Energy and Commerce, as well as the need to attract skilled staff members and provide our personnel with the tools required to perform their jobs. The requested sums are not merely desirable. They are necessary. The Committee has wide jurisdiction and each of its 6 subcommittees has a lengthy "to do" list.

One of our top priorities is developing a substantive, balanced, thorough record on climate change. Our comprehensive examination of climate change is already underway. To date, we have conducted 5 hearings on this issue and we expect to conduct 6 more this month. I am pleased to report that a variety of industry leaders and issue experts, including Vice President Gore, who will testify before the Committee on March 21, will continue to provide their insights to the Committee. We are confident that this focus on climate change will produce thoughtful, fair legislation.

Other priorities include addressing issues in energy policy, health care, consumer protection and privacy, environmental programs,

telecommunications, and a host of other legislative matters. We are also committed to fulfilling our oversight responsibilities. Already, the Committee has launched inquiries into nuclear security issues, food and drug safety, and the health care situation in New Orleans post-Katrina.

Since the 110th Congress convened in January, we have moved forward quickly on an exceedingly ambitious agenda that covers a wide range of topics of concern to Americans. To date, the Committee has held 19 hearings, in addition to its role in the "First 100 Hours"—during which this Committee contributed significantly to the Stem Cell Research bill, the prescription drug negotiation legislation, and the implementation of the 9/11 Commission recommendations. In this month alone, the Committee has planned 28 hearings and 6 markups and meetings. We expect a combined total of 42 hearings and meetings before we reach the Spring District Work Period.

In light of this very heavy workload and considering the pressing importance of the issues facing the Committee, I ask that you fund our request for the 110th Congress and thank you for your support.
